

204 Medium duty FR backed cut resistant leather glove

Features & Benefits

- EN388: 2016 level F cut resistance
- Rhino Yarn[™] cut resistant technology
- EN407 contact heat level 1
- EN388: 2016 Level 3 puncture resistance
- · Leather palm provides oil resistance and good grip
- Flame resistant fabric provides protection from weld spatter to the back of the hand

The 204 is a medium duty FR backed cut resistant glove. The seamless knitted liner provides EN388: 2016 level F cut resistance combined with superb comfort and dexterity.

The leather outer provides good oil resistance, abrasion resistance and grip, whilst the flame resistant fabric provides protection from weld spatter to the back of the hand, making it ideal for use in automotive, metal stamping and fabrication.

Applications / Industries

- Assembly
- Automotive industry
- Metal fabrication / stamping
- Oil & Gas
- · Utilities

Performance

Antistatic according to the requirements of EN 1149-5 : 2008 using EN 1149-3 : 2004 induction charging test method.

Made with Tilsatec Rhino Yarn technology. Produced in the UK and developed by Tilsatec's specialist team of yarn technologists to deliver the optimum in performance and comfort.

Tilsatec | +44 (0)1924 375742 | info@tilsatec.com | www.tilsatec.com

For businesses who want expertise they can rely on to keep their people safe, Tilsatec offer high performance hand and arm protection. We manufacture our own proprietary cut resistant yarn - the primary source of mechanical protection, on site in the UK. This means we can deliver maximum performance in every fibre of what we do. Because when our gloves perform at their best, your people can perform at their best.
