

# 84-3106

6" cut resistant aramid cuff

An aramid cut resistant cuff to accompany the range of medium, heavyweight and extra heavyweight cut resistant knitted aramid gloves.

Ideal for the automotive industry, metal stamping and press shop environments, as well as the glass industry and general manufacturing the cuff is a cost effective way of extending protection over the wrist area, without needing to change gloves.

**Features & Benefits**

- EN388: 2016 level 3 cut resistance
- Rhino Yarn™ cut resistant technology
- Good level of abrasion resistance
- Durable and long lasting
- EN407 burning behaviour level 4
- EN407 contact heat level 1 protection
- Can be repeat laundered extending product life

**Applications / Industries**

- Assembly
- Metal fabrication
- Stamping operations

**Performance**

Made with Tilsatec Rhino Yarn technology. Produced in the UK and developed by Tilsatec's specialist team of yarn technologists to deliver the optimum in performance and comfort.

Tilsatec | +44 (0)1924 375742 | info@tilsatec.com | [www.tilsatec.com](http://www.tilsatec.com)

For businesses who want expertise they can rely on to keep their people safe, Tilsatec offer high performance hand and arm protection. We manufacture our own proprietary cut resistant yarn - the primary source of mechanical protection, on site in the UK. This means we can deliver maximum performance in every fibre of what we do. Because when our gloves perform at their best, your people can perform at their best.
